

Summary

PASSERELLE Fellowship Program is designed to help you develop your own path in patient oriented research (POR). PASSERELLE encourages you to participate in the activities proposed. Your commitment is key!

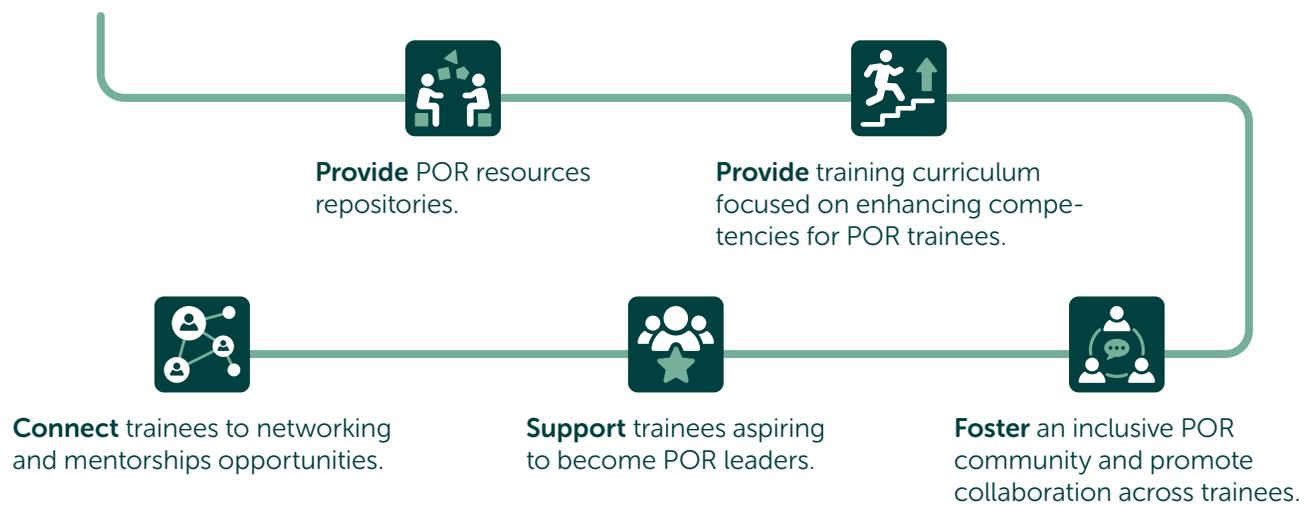

➤ PASSERELLE FELLOWSHIPS PROGRAM

PASSERELLE Fellowship Program was established to provide a mechanism to support projects that embed the fundamentals of POR and provide training opportunities that foster the development of research and professional skills that are applicable across diverse career trajectories.

PASSERELLE is also a proud partner of several other POR funding opportunities contributing to the continued development of the next generation of POR leaders and the strengthening of their capacity to conduct meaningful and impactful research.

➤ OBJECTIVES AND ADVANTAGES

To its trainees, PASSERELLE is committed to :

➤ ACTIVITIES 2024-2025

- Workshops and seminars
- Series "Lunch with the experts"
- Self-paced and interactive training
- PASSERELLE Annual Conference
- Personal development plan
- Mentoring and networking activities
- ... and more!

Most of the activities will be offered online. **The 2025 PASSERELLE Annual Conference** will be held in person, date and location will be confirmed as soon as possible.

ABOUT PASSERELLE

PASSERELLE is a national hub in capacity development, dedicated to support and promote the collective efforts to develop and sustain inclusive and culturally safe capacity in patient-oriented research (POR).
